

## SS. PETER & PAUL IDOMA CATHOLIC COMMUNITY

### **Patron Saint: Ss. Peter & Paul**

Ss. Peter & Paul Idoma Catholic Community is the umbrella body for all idoma community associations, societies or groups in the Catholic Church Worldwide. The organization started in the late 1960s in Kaduna due to the desire of the idoma people to embrace the Catholic Christian Faith with its attendant benefits of salvation rooted in the propagation of the gospel through missionary activities in Idoma Land and driving the message amongst the idoma people in diaspora in the native language for better understanding. In Abuja, the Ss. Peter & Paul Idoma Catholic Community commenced operations in 1982.

The Ss. Peter & Paul Idoma Catholic Community has a shared pedigree in catering for the spiritual and material wellbeing of members. It has also promoted better understanding of the gospel through interpretation in the Idoma native language and has engendered greater unity among members and the Idoma nation in general.

- **Mission:** To use the Catholic Church as a medium of evangelization to spread the gospel of God through the native idoma language thereby creating better understanding of God among the people while caring for one another.
- **Vision:** To see the idoma native governed by the dictates of God the Creator as handed over to us by the apostles through the Catholic Church.
